412 Boston Post Road  
Amherst, New Hampshire 03031

May 16, 2007

Dear Parent or Guardian:

Students in danger of receiving a final grade of NC (no credit) in selected courses may be eligible for summer school. Final determination will be based on teacher recommendation at the end of the school year. The summer school coordinator will notify parents of eligible students at that time. See the trimester 3 progress report for additional information on your child's current academic standing. For further information you may contact the teacher or your child's guidance counselor. Summer school will be in session from June 27 until August 1, 2006 (no school July 4).

The following summer school policy appears in the 2007-2008 Program of Studies issued to all students earlier this spring. Please review this policy carefully. A summer school application is available online or can be obtained from the Student Services office.

### **Summer School**

A student receiving a final grade of "no credit" (NC) in a class is eligible to repeat that course in summer school, with teacher approval, providing the student received a passing grade (C- or better) for at least one trimester.

Summer courses are taken at Souhegan High School and are available (depending on student enrollment and teacher availability) in math, English, social studies, Spanish, and at times, other courses. Students pay for each summer school class.

Students who, due to extenuating circumstances, want to repeat a class by attending summer school in another community or by enrolling in an online or correspondence course must first complete the Application for Credit that is available in Student Services. Prior approval by a Dean of Faculty is necessary in order to guarantee credit.

Sincerely,  
Scott Prescott  
Principal
